Fallsview

Our Fallsview window series is Energy Star and CSA approved.

This innovative design combines our multi chambered PVC extrusion with our Eco-Tru Glazing System consisting of Warm Edge Spacer Technology, Soft Coat Low 'E' Energy Star certified Glass and argon gas.

These standard features deliver a high performing product with outstanding ER ratings while reducing condensation and mold.

Hung Windows

A traditional choice for an elongated opening, this timeless stately look combined with our innovative design and assembly process will provide years of style and comfort. Available in single or double operating sashes. Available with single or double operating sashes, this window style provides the greatest ease of cleaning.

A bright, airy living room with large white casement windows. The room is decorated with a blue and white nautical theme, featuring a light-colored sofa with blue and white striped and patterned pillows, a wooden coffee table with a duck figurine, and a side table with a blue and white vase. The room is filled with natural light from the large windows, which offer a view of a snowy landscape. The ceiling is white with a decorative crown molding.

Casement Windows

A sleek contemporary choice for an elongated opening, this versatile design adapts well with traditional decors themes. Grill options deliver a traditional hung look with the highest security and energy efficiencies. Available with single or double operating sashes, this window style provides the greatest ease of cleaning.

Awnings

Beauty, comfort and security, this choice provides a combination of features from the hung and casement cousins. This style provides the highest level of security and energy efficiencies. Ideal choice for kitchens and bathrooms.

Sliders

This classic economical choice offers sleek lines, performance and versatility. The slider lift out window provides your best egress option. The slider tilt window provides ease of cleaning.

Architectural Windows

Statement style and shape, our versatile design options makes your vision come to life creating an eye catching custom window of your choice.

Style & Performance

Glass

LoE Energy Star certified Glass with argon gas.

Interior Cladding

A layer of prefinished vinyl permanently covers the interior wood providing a much more durable finish than paint. This interior finish is maintenance free, you will never need to paint your windows jambs again.

Exterior Paint Choices
